

## LWV Annual Meeting June 1, 2019 Report

Submitted by Lois Kiely

The LWV TO annual meeting was very successful and well attended (approximately 35 members and guests). The overview of the year's activities was presented as a slide show developed by Peggy Dellinger. It was an interesting and efficient way to depict League members engaged in relevant programs such as: voter registration tables, informational meetings, high school voter lessons, etc. Peggy and Evelyn Murphy also highlighted accomplishments and awards received by Ocean League Twp. League members during the past year. Robert Grove, the League treasurer, updated the attendees on financial matters and the 2019 -2020 Board was voted in. Sen.Vin Gopal and a representative from the organization to restore voting rights to ex-felons spoke on topics pertinent to the League's mission. Annette Scott received the "Bill Madden Award" for her dedication in promoting voting among men and women who have completed their jail and probation time. Light refreshments were provided and the meeting closed with the cutting of the celebration cake that recognized the Ocean League's name change to Southern Monmouth League of Women Voters.
